A NIGHT THAT CHANGED TWO LIVES

Thank you,

FIRST® first financial bank

A huge thank you to **First Financial Bank**, **Transnation Title**, **Rehmann Group**, and **Bannockburn Capital** for leading the charge and hosting an unforgettable Kentucky Oaks celebration in May!

Their generosity helped raise nearly \$10,000 toward the purchase and conversion of two accessible vehicles awarded in the Double Giveaway this May to two children in West Michigan, giving their families the "Keys to Independence" and providing greater freedom, accessibility, and opportunity.

DOUBLE GIVEAWAY

**Two families. Two vehicles.
A world of new possibilities.**

On May 27, something extraordinary happened at Lori's Voice. For the first time in our history, we handed over the keys to two accessible vehicles—giving the Sprague family of Wyoming and the Garcia family of Casnovia something that goes far beyond transportation. We gave them freedom, independence, the opportunity to say yes to more of life.

For families raising children with disabilities, something as simple as getting in the car can be a tremendous challenge. School drop-offs, doctor appointments, family outings and everyday adventures can require careful planning, physical strength and equipment that many families simply cannot afford. An accessible vehicle can change all of that.

Lori's Voice showcased two different accessible vehicle solutions, bringing awareness to the options available to more families in need. One vehicle features the BraunAbility Turny Evo Seat, which lifts and rotates out of the vehicle and lowers to ground level. The second vehicle features a traditional power ramp, allowing a power wheelchair user to roll directly into the vehicle.

Two different solutions. Two different families. One incredible gift: the freedom to move forward. Thank you to every donor, sponsor, volunteer and supporter who helped make this historic Double Vehicle Giveaway possible.

On Saturday, October 10, Lori's Voice and the City of Kentwood Parks & Recreation return to the Kentwood Community Center for a morning built so families can take part together, however they move.

Competitive runners take on a professionally timed 5K with race bibs. Kids have their own 1-mile Fun Run & Roll. Parents & Caregivers are FREE! The course is fully accessible from start to finish!

Then there's the rest of the morning: the Critter Barn petting zoo, fancy face painting, balloon artists, therapy resources, and local vendors — plus giveaways throughout the day, including a brand new Rifton bike generously donated by CareLinc Medical Supply, Billy's Shoes and gift cards to dozens of local family activities!

Last year, more than 150 participants helped raise over \$40,000 for medical equipment insurance doesn't cover. This year we are raising our goal to \$50,000 hoping for a greater turnout to help us get there! We hope to see you there!

The Difference We're Making

A ramp. A trike. A swing in the backyard. A stretch of therapy that insurance won't cover. No two families need the same thing, but what they share is what comes after — a child who can get outside, keep up with a sibling, sleep safely, and simply be a kid. Thank you to our donors, sponsors, and partners that make these dreams come true.
